

WATER PROJECT UPDATE

MARCH 2013

HOPE TOWNSHIP WATER PROJECT:

John Billette and Mark Norton of Civil Engineering Consultants, (CEC) were present at the February Township Board meeting to go over the bid opening for the water project. CEC has worked with the low bidder for Contract 1 and 2 in the past. CEC has not previously worked with the low bidder for Contract 3 and is in the process of verifying their references and other work reports. The Bond closing is scheduled for March 21, 2013. We anticipate construction to start in May. The schedule indicates that the water main and service leads should be completed around Thanksgiving 2013 barring no major setbacks.
