DEPARTMENT REPORTS:

FIRE Depart.

There were 6 runs in April. Five were medical and one was a staging request. The Fire Chief has answered all the questions and was inspected concerning the ISO inquiry. This is to check out Hope's classification for the State's rating of our fire dept. for our insurance ratings. At this point we are rated a nine but with the new classification we could be at a six. This would help with our home owners insurance cost. There is a 4-6 month back log so it will be Nov. or Dec. before we get the new rating. Amber Valley and John Tidwell have passed their classes. Two new guys have indicated they are interested on being on the fire Dept. They are Junior O'Brien and Dave LaFaber, Dave has fireman experience from his previous location and John would like the six month residency requirement exempted. Andy so moved and Bob seconded. Motion carried. The wind storms and new houses being built, our house numbers posts have been depleted. John would like to order 100 new posts. It would cost around \$800.00. Andy so moved and Bob seconded the motion. A roll call vote was called-

Mary yes      Starleen yes      Bob yes      JoAnn yes      Andy yes

PARK COMMISSION:

Their meeting was May 3, 2016. The winds have done a lot of damage at the park. Two roll up doors on the pavilions was destroyed. The park comm. got an estimate of \$600.00 a piece to replace them. The N.W. ball diamond was estimated at \$3250.00 to be repaired. The N.E. diamond which was destroyed was not used to play ball. The park commission decided to demolish this one. Andy moved to pay the repair cost of \$5,000.00, the receipts would be sent into our insurance co. for reimbursement. Starleen seconded and a roll call vote was called-

Bob yes      Andy yes      Mary yes      JoAnn yes      Starleen yes

CHAPEL/CEMETARY COMMISSION:

Mid-Michigan Tree Service did a very good job of cutting down the dead pine tree at the New Cemetery. They ground down the stump and cleaned up the mess completely. A year ago Floyd had ordered 16 trees from Burgess Seed Co., after careful planting, watering and fertilizing the trees, they had all died. Floyd had contacted the company who said they would replace them. After months of contacting them, they have still not replaced them right. Floyd wanted to pay back the township for the expense. The Board felt this was not Floyd's fault, so Andy moved to accept the check and give it to the Park to be used there. Bob seconded the motion and it carried.

TOWNSHIP CODE AUTHORITY:

The meeting was held April 28 at the County Building. There were three permits for Hope Township in April, one for electrical, one for mechanical and one for plumbing. The next meeting will be May 26 at the County Building.
