 - a. Drainage and gravel work
 - b. Estimated cost - \$73,500

- 2) E Baker Rd – from Stark Rd to Dublin Rd

Comments from the floor:

Discussion was made about Adams Rd – from M-30 to 5 Mile Rd (.95 mile)

Request was made by Township members in attendance that the road be paved.

It was noted that previous petitions had been filed by residents along that stretch of road – board members reviewed one such petition from 1991.

Discussion was made about E Hull Rd – from Stark to Dublin

Request was made by Township members in attendance that the road be paved.

It was noted that drainage and gravel work done in 2007 was a much needed improvement.

Request was made for the board to investigate the availability of Federal funds for possible future road improvements in Hope. Jim will check to see what might be available.

New Business:

Discussion was made about a millage renewal as the current road millage has expired. It was suggested that the board pursue another 4 year millage renewal in the August primary of 2008. It was decided to make it a renewal only and not a roll-back to the original 2 mils. It was estimated that the current millage rate, if renewed, of 1.9 mils would bring in about \$90,000 for each of the next 4 years.

Next 2 meetings of the Road Commission are April 24th, 2008 and June 26th, 2008 @ 7:00 in the Hope Township Hall

Meeting adjourned at 8:25pm
