Chiefs Report:

Monthly Total Runs: 8 4 Medical/ 2 Fire / 1 Utility / 1 Good Intent

Chief may need to request someone to assist in the EMS inspection of 950. The scheduled date is 04/13.

Chief will be out of service 4/18 and 4/19

Let Chief know if you haven't completed the requested W-4.

If investing or responding to a structure fire or gas complaint make sure to record if the resident has a detector and if it is in working order. Please record on the Incident Report Sheet.

A reminder of some unaddressed issues in our last Wildland Fire Training:

1. One person needs to be the I.C. on scene and all handle communication with dispatch
2. DNR is automatically dispatched with our tone. We need to advise and update them ASAP. If radio traffic is limited or hindered contact can be made through dispatch.
3. All burn permit maps can be viewed on the DNR website.
4. If challenged or denied access to a Wildland fire you may need to request law enforcement.

A reminder to have at least 2 responders on scene before proceeding with a domestic complaint.

A meeting is scheduled for April 11th with the county commissioners to address the pagers and a possible 911 millage in August.
