

Woodside Park Commission Meeting of 07.03.2018

Meeting called to order at 1900 with pledge to the flag.  
All Commissioners present along with Caretaker Steve.

There was no public for comment.

We reviewed the minutes from our last meeting – David made motion to approve them, seconded by Doug – motion carried.

We reviewed the treasurer's report – Cathie made motion to approve, seconded by Jared – report accepted.

There was a review of bills to be paid – Starla moved we pay bills, seconded by Doug with a roll call – Doug yes, David yes, Jared yes, Starla yes, Cathie yes – bills submitted for payment.

Old Business –

Bathrooms – the new one is 95% complete with our contractor promising to be complete before the picnic. Starla picked up a really sweet rocking chair for nursing moms.

The updates on the existing restrooms is on hold until we have more funds. They have been painted and new tile has been installed. The urinal will be removed from the men's bathroom. Signs will be taken down as far as "boys" and "girls", all restrooms will be for all.

Grants – we still are waiting on two grants – Starla will be staying on top of these.

Picnic – final prep is underway. Cathie and Starla will meet on the 7<sup>th</sup> to sort the prizes and see what we need in the way of paper products. Ann will be making double the amount of beans this year. Most everything else is lined up for the 21<sup>st</sup> with David and Cathie meeting on the 20<sup>th</sup> at Gordon Food to get all the food items. We remind everyone that all should bring 2 dozen cookies. (including township board members).

Workday – we rained out on our last one so decided anyone who could should come out on this coming Saturday, the 7<sup>th</sup> to do some painting and re-surfacing of tables. Starla promised to bring treats.

New Business –

New reservation forms – David has revamped them, we approved of them at the meeting – the part about the closet for equipment was deleted and an admonition not to park in the pavilions was added. Cathie will be contacting her person at QRP for a quote.

Birds – we are currently looking for plastic owls to hang at the ends of the pavilions – we would need four of them. This would be an effort to keep birds from making nests in the rafters and such and making an all around mess of things.

There was no other business.

Motion to adjourn made by Cathie, seconded by Starla – meeting adjourned.

Respectfully,  
Cathie J. Kisser – Secretary  
Woodside Park
